CATAMARAN SPORT FIESTA

PHASE 02

The main goal of Catamarans Sports Fiesta – Cricket Edition is to use the power of cricket to bring positive change to the community. By holding friendly matches within the district, the event gives young players a chance to show their skills, grow in confidence, and enjoy healthy competition. It also teaches important values like teamwork, discipline, and sportsmanship. Money raised from the event will help a rural school by providing cricket gear like bats, balls, and pads, so all kids can enjoy the game. The event also brings together Leos from different clubs to plan and play, building stronger bonds. More than just a game, this project shows how cricket can inspire leadership, unity, and equal chances for all

Bottoms Up

Our goal was to raise important funds to help under-resourced communities by giving them better access to basic needs and new opportunities. We wanted to bring a positive change to Negombo by using art and creativity as tools for social good. The event also supports long-term projects across Sri Lanka that aim to uplift people in need. We believe in building a model of service that is joyful, inclusive, and lasting — where people give not because they have to, but because they care. Most of all, we wanted to show that even a fun night out can make a real difference — and that when laughter has a purpose, it can bring hope and change lives.

Zen Flow

Zen Flow was created to support women by giving them a safe, peaceful space to focus on their mental and physical health. The session helped build mental strength through yoga and mindfulness, offering tools to handle stress and emotions with care and calm. It encouraged women to take time for self-care and showed how simple daily habits can improve well-being. Zen Flow also brought women together to share, connect, and support each other, building a strong sense of community. The event helped raise awareness about mental health and the importance of speaking up and seeking help. Most of all, it aimed to inspire women to grow, feel confident, and take steps toward a happier, healthier life — together.

Baw Yalu

This project aims to build a caring and lasting bond between the community and street dogs by creating a space of kindness and respect. It's not just about helping the dogs for a short time but encouraging people to care for them together in the long run. With help from volunteers, locals, and organizations, we want to create a culture that values and protects street dogs. The goal is to teach people, especially children, to be kind to animals and see street dogs as part of the community. We hope to inspire simple actions like feeding a dog, speaking up for their safety, or spreading awareness. Through adoption, sterilization, and feeding programs, we aim to make sure street dogs are cared for always.
